Calvin Lieu

(415)-297-4613   calvin.lieu@gmail.com   LinkedIn   GitHub   San Francisco / Bay Area

SKILLS

JavaScript, Node.js, Python, Express.js, Flask, React, Redux, SQLAlchemy, SQLite3, Sequelize, Postgres SQL, Heroku, HTML5, CSS3, Dockerfile, Git, Heroku

PROJECTS

StairBnB   Live Site | Github

A full-stack AirBnB clone built with React, Redux, Javascript, and Express.
- Built RESTful APIs that supplied data to the JavaScript front-end based on the User's interactions with the web application.
- Utilized React and Redux to allow users to dynamically visualize various listings and the reviews associated with those listings.
- Nulla consequat massa quis enim. Donec pede justo, fringilla vel, aliquet nec, vulputate eget, arcu. In enim justo, rhoncus ut, imperdiet a, venenatis vitae, justo.

Insta-Lock   Live Site | Github

A full-stack Instagram clone created with React, Redux, Python, and Flask.
- Implemented core CRUD functionalities and chainable data that work off each other in order to provide Users a pleasant experience when interacting with the website.
- Connects to Python Flask backend via JSON API so that users can create, edit and delete posts and comments.
- Collaborated with 3 other developers to create a functional full-stack web application in the span of 1 week.

Slipper   Live Site | Github

A full-stack Twitter clone created with React, Redux, Python, and Flask.
- Built and maintained 100% of backend RESTful APIs using Python (Flask).
- Maintain the structure of the application using Redux.
- Developed frontend components using React to construct a pleasant user experience

EXPERIENCE

Patient Care - Food Services

University of California, San Francisco, December 2019 - March 2022
- Partnered with various nurses to provide patient food services that are safe, accurate, timely, and responsive to every patient's needs.
- Oversaw a department of patients and catered to each patient's dietary needs.
- Maintained cleanliness and methodical workstations, equipment, and patient rooms to provide excellent interactions with the nursing staff.
-

Service Banker

Bank of The West, September 2018 - August 2019
- Processed customer transactions in accordance with bank policies, procedures, and regulatory requirements.
- Identified sales and cross-selling opportunities in order to create qualified referrals to specialist sales partners.

Operations Specialist

Boba Guys Inc., December 2016 - September 2018
- Monitored customer sales and inventory levels based on foot traffic across stores in the Bay Area.
- Collaborated with a team to produce and deliver delicate perishables to various stores.
- Increased sales through research and development of new seasonal products and collaborations with other local retailers.
- Catered to many social events and coordinated with venue supervisors to create a memorable experience for guests.

EDUCATION

App Academy - Immersive software development course with a focus on full stack web development (April 2022)
